

## Product Demo Contest!

Don't just tell  
people how  
**AMAZING**  
Isagenix®  
products are.  
**SHOW THEM.**

There's no better way to introduce people to Isagenix products than showing them first hand with an in-home product demonstration. It's a great way to get creative and show the benefits of Isagenix products and how they stack up against the competition.

To make it even more enticing, we are launching a Product Demo contest and giving away tons of amazing prizes including tickets to Celebration 2010. All you have to do is come up with the most creative product demo and you can win!

In addition to winning recognition and prizes, a product demo is a great sales tool to recruit new members. **So get those creative juices flowing and create yours today!**

### HERE IS HOW IT WORKS:

1. **Brainstorm a great way to show** why Isagenix products are better than anything else on the market.
2. **Take action and create it!** (Can be executed in written, photo or video presentation formats.)
3. **Submit your product demo** via YouTube or snail mail by **April 23, 2010**.
