ABOUT THE HEALTHCARE BENEFITS PROGRAM

The Isagenix Healthcare Program allows you to choose the benefits that fit your individual needs. Each benefit is a stand alone benefit meaning that you choose and pay only for the benefits that you and your family need. This means benefits that you will actually use and no wasted insurance dollars! As a qualified Associate, you have access to affordable health, dental, vision, and other coverage for you and your family. The program is designed to offer the maximum amount of flexibility in choosing coverage at an affordable price.

There are no pre-existing conditions and no waiting periods, and it is guaranteed issue! One toll free phone number does it all! Whether you have questions about individual benefits, the plan design, or just to see if your doctor is in the network, our enrollment call center agents are standing by to assist you with the answers to your questions. Our enrollment call center is staffed exclusively with licensed, salaried agents which means no pressure to buy products.
