

“If You Are Just Starting with Isagenix” - script

10-28-10

I just started my own business with a billion dollar company called Isagenix.

I took my first training seminar and I have been asked to do some homework... I thought of you because we are friends.

I have been asked to show this website to 10 people within the next 2 days. Can you take a look at this for me and give me your thoughts?

Great, go to [www. Isamovie.com](http://www.Isamovie.com)

I need to follow up with you right away, can you do it right now, watch are you toxic or Six figure makers - it will only take 15 minutes

Can I call you back tonight...? ..... (Urgency)

**Call back...** what part of the movie did you like the most... the product stories or business stories?

Do you know anyone that would be interested in creating an additional income stream or trying one of our programs?

It comes with a 100 % money back guarantee.
